

SID (Speed Indication Display)

- Microwave Technology
- Portable Speed Indicator
- Easy to Use
- Sled or Pole Mount
- Low Power
- Smiley Face
- Simple Operation
- Low Cost
- Immediate Impact
- 2 Versions
- UK Design & Manufacture
- 2 Year Warranty

A Speed Indication Display that is simple to use and extremely effective. The devices are designed specifically for organisations involved in Road Safety.

The units are non-confrontational and serve as an aid to calming road traffic. Features of the sign include a "Smiley Face" that rewards drivers for complying with the speed limit and a "Sad Face" for those which are not.

Shown on uneven surface using height adjustable legs

With two mounting options, Simple Sid is the most versatile portable speed sign on the market today.

Highly portable, the unit is supplied in a single car boot sized transportation box which contains all items required for immediate deployment.

Secure quick release pole mount
